Main reason I refer to Spectrum – Their sense of urgency!

I have been dealing with Spectrum since December 2013 and it has been a very good experience. There are a few reasons I prefer to send mortgages to Spectrum, but the most important one of all is their sense of urgency. We all know how much effort is put into finding potential deals and it's important to have a partner who respects that hard work, and no matter how difficult the deal is they try their best to qualify the deal in a timely fashion not leaving my clients wondering where they sit in the mortgage process. There is daily contact and guidance, so even if it still doesn't work out you feel that all avenues have been exhausted! Spectrum also brings a wealth of mortgage knowledge and experience which makes me feel confident that my clients are receiving a good experience. I look forward to continuing work with Spectrum!

My clients cannot say enough great things about your service

Thank you so much for the update, I can always rely on you to keep me up to date in this busy world of ours! I just wanted to take a moment to let you know how important our relationship is to me. You do an awesome job of taking care of my clients that I cannot help and can always trust that the clients will be referred back to me when they can qualify for a Bank mortgage.

I follow up with each and everyone of my clients that I refer to you and they cannot say enough great things about your service. I have retained clients that I could not qualify for our Bank mortgage because of our partnership and for that I am truly grateful. I look forward to our continued partnership - You are one in a million!
